Invitation as resource person – reg.

From: DSTS Mandal's College of Pharmacy, Solapur (pharmacycol@yahoo.com)

To: sunsmanu@gmail.com; vstegeli2@gmail.com

Date: Thursday, 14 September, 2023 at 12:43 pm IST

Dear Sir,

With respect to our telephonic discussion, we are very happy to invite you as a resource person for the workshop on “Cyber Security” scheduled on 15th & 16th September, 2023.

The audience shall be staff and students of B. Pharm and M. Pharm.

Your accommodation is arranged at Vijay Lodge, Vaishnavi Nagar, Vijapur Road, Saiful, Solapur-413004.

Thanking you.

Reeem
15/9/2023

Sincerely Yours,
PRINCIPAL
DSTS Mandal's College of Pharmacy,
Solapur.
Vision of the Institute

“To impart quality pharmaceutical education to cater to the growing needs of profession of pharmacy.”

Mission of the Institute

- M1: To create conducive learning environment through modern infrastructure.
- M2: To incorporate the best available practices in teaching, training and research.
- M3: To develop responsible pharmacists to foster professional growth.
- M4: To make pharmacist a vital member of health care system.

Proposal from 'THE Clinical Pyxida' Certification Course in Clinical Research

From: THE Clinical Pyxida (theclinicalpyxida@gmail.com)

To: pharmacol@yahoo.com

Date: Friday, 6 October, 2023 at 04:57 pm IST

Dear Sir,

I am writing this email to you with great sense of pride as an alumni of College of Pharmacy, Solapur and also in the capacity of a co-founder of Clinical Research Training Institute which goes by the name "THE Clinical Pyxida". (From - Mohammed Naveed Mujawar, B.Pharm, 2012-2016)

Reference - Afaque Ansari Sir, Training & Placement Cell Incharge, College of Pharmacy, Solapur.

Sir, being in touch with your prestigious institute "DSTS Mandals' College of Pharmacy, Solapur" is in itself an honour for us. Sincere thanks from the 'THE Clinical Pyxida' group for considering us to share our expertise and knowledge with your students.

What is "THE Clinical Pyxida" & why are we writing to you?

We would like to take a few minutes of yours and bring your attention to the attached document "[THE Clinical Pyxida Collaboration Proposal](#)".

- A "[Certification Course in Clinical Research](#)" - That's what we offer at TCP to Life Sciences graduates.
- A table at the end of this email enlists the topics that we train the students on through our course.
- Diversified Clinical Research domain knowledge helps students to prepare and equip themselves for appearing towards various Job opportunities in the Clinical Research Industry, thus enabling them to expand their scope of Interest.
- Our Certification course covers 10+ domain sessions listed below from experts who have great years of experience in the industry (all speakers have 5+ years of Industry experience in their domains)
- We also emphasize on Skill development and allied topics required for getting ready for the real world Clinical Research Jobs.
- Our course is usually an 8 Weeks program (8 Saturdays) intending to impart 32 hrs. of learning and engagement.
- Towards the end of our course we conduct assessment and mock interviews + help students learn CV building, LinkedIn Profile creation and networking through LinkedIn and handout certifications which gives the student an upper hand when applying for a job.
- TCP aims to support the students in every possible manner in getting ready for the Clinical Research Industry Job opportunities by conveying relevant job openings and preparing them from interview perspectives.

Our Existing Collaborations

- IIPER College, Pune (23 Students) - Course successfully completed in Apr-2023.
- Siddhant College of Pharmacy, Pune (31 Students) - Course successfully completed in Apr-2023.
- We are proud to announce that we signed a 5 year MoU with both these colleges based on quality feedback from students.
- **We are starting our 2nd Batch at IIPER College Pune, from 21-Oct-2023.**

Why Choose TCP as your training partner

- Almost all the institutes out in the market charge a per student fee ranging between 25k-90k for 3 or 6 months course. Plus students are asked to either relocate to the physical place of the institute or have to do the training completely online, both of which are inconvenient in multiple ways.

In contrast to above what TCP offers is -

1. Less financial burden on students. The per student fees mentioned below justifies the same.
2. Students need not travel or relocate as TCP collaborates with colleges to allow teaching students within your college campus.
3. TCP trains the students exactly on the basis of "Market Requirement" - thus ensuring not to overburden them with technical knowledge as they are freshers.
4. **Mock-Interviews and Assessments** help students evaluate themselves and know how much industry ready they are. Thus ensuring **effective Learning and Development**.
