POLICY ON E-GOVERNANCE

The policy provides information on the E-governance in various areas of operation including administration, finance and academic activities in D. S. T. S. Mandal's College of Pharmacy, Solapur.

Policy statement:

D. S. T. S. Mandal's College of Pharmacy, Solapur is committed to adopt, implement and practice e-governance in order to provide a simpler, robust and efficient system of governance. Extensive use of E-governance has to be incorporated into every sphere of institutional functions. The policy is to be implemented at various levels to provide efficient system of governance within the institution leading towards paperless administration at its best.

Objectives

1. To implement E-governance in administrative, financial and academic activities of the institution with better efficiency
2. To facilitate the accountability and transparency in the systems
3. To transform the systems gradually towards the goal of paperless administration from environmental concern
4. To facilitate communications between various institution.
5. To provide online platform for better teaching and learning process
6. To make the institution visible globally through a well-designed website

Introduction

E-governance, meaning 'electronic governance' is using information and communication technologies (ICTs) (such as Wide Area Networks, the Internet, and mobile computing) at various levels of the government and the public sector and beyond, for the purpose of enhancing governance. The application of ICT is done to transform the efficiency, effectiveness, transparency and accountability of exchange of information and transaction between various stakeholders including institute, statutory authorities, government agencies, students and service providers.

D. S. T. S. Mandal's College of Pharmacy, Solapur has initiated to implement e- governance in some aspects of functioning such as administrative matters, finance and accounts, library and examination related processes.

This Policy has been framed to include more areas within the purview of e-governance.

Process

The following processes in E-governance are descriptive in nature and not limited only to the listed processes. The institution reserves the right to implement new e-governance methods instructed time to time by the regulatory authorities and the management.

A. College Website:

The homepage of the college website is <https://pharmacycol.com/>. The website of the college is to be full-fledged and functional. It serves as the focal point of e-governance initiatives. The website allows visitors to visit the college virtually. The visitors may include students, parents, faculty members, regulatory authorities, accreditation bodies and employers etc. The college website is to be maintained to showcase the developments in various administrative and academic activities. The timely arrangements to upload the required documents on the website must be made.

To create an active and effective website, a separate service provider web designer may be appointed by the Management. The service provider must ensure the timely support for the upload of the documents on website and changes according to the altered requirements in the stipulated period. The service provider must ensure the data security. In case of poor feedback about the support from the service provider, there should be provision to change the service provider without affecting the web-links and data already uploaded on the website. Service providers should provide training to the concerned staff to undertake the responsibility of website administration and updating at the institution level.

B. Student Admission:

The admission process is governed by the State CET Cell, Mumbai through the online centralized admission process. The eligibility of the students for enrollment is governed by the DTE and the University. The data about student scholarships and freeships are also governed by the Government of Maharashtra through MahaDBT portal. The institute shall follow the guidelines provided time to time by these agencies for the fulfillment of the requirements.

The admission process at college shall be governed using software such as EduCare. The admission data shall be maintained in software such as Microsoft Excel.

C. Finance and Accounts:

For effective and error-free activities accounts, the management is using ERP and Tally™ for the accounting purpose. However, in case of any new accounting methods and compliances, the institute shall procure other suitable software on approval by the management. The institute shall ensure to safeguard the security and confidentiality of the data of the financial transactions. The institute shall make arrangements to train the existing staff and upgrade their knowledge about the software and updates in the existing software.

E. Library:

The Central Library facility is automated with the Library Management Software such as SOUL. The additional electronic facilities such as DELNET, Infilnet, e-journals and e-books are provided for easy access and quick referencing. The software based service also enables access to the library footprints of staff and students. The assessment of utilization of the library resources can be done more effectively. A novel technique of placing QR codes on each cupboard for easy tracking of the books on the shelf. The Library Advisory Committee (LAC) shall recommend on up-gradation of facilities. Appropriate training should be provided to the staff and students for utilizing e-learning resources.

F. Administration:

Administrative processes are being transformed by implementation of e-governance to provide hassle-free, convenient and economic functioning. Students should obtain maximum office related services such as issuing payment receipts, bonafide Certificates, Transfer Certificates, Transcripts, etc. Attendance should be taken through the biometric system with fingerprint and/or face recognition. The CCTV camera enables the security system to be more secure and efficient. It also allows the administration to track the conduct of academic sessions and plan accordingly. Messaging mobile applications such as Whatsapp, Telegram shall be used to connect staff, students, alumni and parents for activities such as administration, examinations, placement etc.

G. Examination:

Filling and submission of applications for examination forms, obtaining hall tickets, photocopy forms, revaluation forms, receiving of examination papers, uploading of marks and declaration of results has been made online by the university. The College Examination In charge shall supervise the entire process of examination under the guidance of the Principal of the college. Similarly the internal examinations including continuous assessment, assignments can be conducted using e-communication platforms such as Google Classroom or Microsoft Teams and software like 'Hot-Potatoes'.
